

Stacie Robbins, Realtor Associate, ePRO, Vacation Specialist, Coldwell Banker, Mammoth Real Estate

I visited Mammoth only once before moving in 2002 to June Lake and now Mammoth. New to mountain living, I'm a transplant from South Florida where I earned a BBA-Marketing/Sales Promotion from Florida Atlantic University in Boca Raton; AS-Paralegal from Florida Metropolitan University in Fort Lauderdale; and an AA-Computer Science from Central Florida Community College in Ocala, Florida.

I traded in my bikini and beach chair for a snowboard and thermals and couldn't be happier.

Since living in the Eastern Sierras...

About Me

I visited Mammoth only once before moving in 2002 to June Lake and now Mammoth. New to mountain living, I'm a transplant from South Florida where I earned a BBA-Marketing/Sales Promotion from Florida Atlantic University in Boca Raton; AS-Paralegal from Florida Metropolitan University in Fort Lauderdale; and an AA-Computer Science from Central Florida Community College in Ocala, Florida.

I traded in my bikini and beach chair for a snowboard and thermals and couldn't be happier.

Since living in the Eastern Sierras...

I've worked for a couple of Mammoth real estate offices as the Marketing and Advertising Manager before becoming a licensed real estate agent myself. So I'm intimately familiar with what works and what does not work and what the competition is doing. I tried my hand at Mammoth vacation property rental management and reservations but it was much more demanding of a service profession for me.

My strength is in my attention to detail, observation skills, research, follow up and especially leveraging the benefits of emerging technology.

In my life "Pre-Mammoth", I worked in such industries as health maintenance organizations (HMO), online auctions, internet marketing

and advertising and also some bookkeeping. A diverse background enables me to look at and understand concepts from different angles, an "out of the box" thinker however cliché that sounds.

In my personal time I enjoy reading, online shopping, camping, cooking and bbq and enjoying the beauty of where I live. I'm fairly simple and easy going. I'm motivated by meeting and exceeding my clients' expectations. I really enjoy helping people and acquiring knowledge to share.

If you choose me as your Mammoth Realtor, here's what you get in a nutshell:

- Specialized knowledge to offer you an advantage in this market
- Leveraging technology to help you through the steps at your convenience
